

Do your supervisors  
think  
like business owners?

“Power Training Institute gives your supervisory team the people skills they need to take ownership, drive productivity, and build high-performance teams.”

– Bonnie Cox, Founder, Power Training Institute

Power Training  
Institute

*Building Tomorrow's Business Leaders Today*

supervisor  
training program

Through Power Training Institute's Supervisor Training Program, you can—

- Build effective leaders.
- Create efficient teams.
- Increase productivity.

**What separates you from the competition?** To get ahead and *stay* ahead, you must work toward continuous improvement of the quality of your employees and the results they produce. Our Supervisor Training Program will fully equip your supervisors to:

- Communicate effectively both up and down the corporate ladder.
- Develop the attitude to think like a business owner.
- Set high expectations and hold employees accountable.
- Think outside the box and identify reliable options.

## Customized 4-hour skill-building sessions

**Our high-energy training programs are custom-designed** to address your organization's specific issues and corporate culture. Sample sessions include:

- Transitioning to Management
- Setting Performance Expectations
- Communication Skills for Supervisors
- Building Rapport and Building Relationships
- Delegation and Empowerment
- Time Management and Prioritizing

## Call today!

### **Are you ready to light a fire under your supervisory team?**

We'll work with you to define your goals and customize a training program with innovative, interactive exercises to ensure immediate application of the skills they learn. We can come to your office or arrange to hold the training in a convenient off-site location.
